INTERNSHIP PORTAL

PREFACE

Welcome to our Internship Portal, a dynamic platform designed to bridge the gap between aspiring interns and organizations seeking fresh talent. In today's competitive landscape, internships play a crucial role in shaping careers and fostering professional growth. Our portal serves as a catalyst, connecting motivated students and recent graduates with diverse internship opportunities across various industries.

With a user-friendly interface and comprehensive features, our portal simplifies the internship search process for both candidates and employers. Students can explore a wide range of internships tailored to their interests and skills, while employers can efficiently identify top-tier talent to complement their teams.

We believe that internships are not just about gaining experience but also about making meaningful connections and laying the foundation for future success. By facilitating these connections, our portal aims to empower individuals to kickstart their careers and organizations to thrive with the addition of bright, motivated interns.

Whether you're a student eager to embark on a rewarding internship journey or an organization ready to discover emerging talent, we invite you to explore our portal and unlock a world of opportunities. Together, let's shape the future of work through meaningful internships.

Acknowledgement

We present with immense pleasure the report on “**Internship Portal Management System**”. This project report shall be incomplete if I do not convey our heartfelt gratitude to those people from whom we have got considerable support and encouragement during this project many people have helped, provided direction, technical information and advice at all stages of our project and it’s our pleasure to say what of thanks to all of them. however, with the help of our project guide “**Mr. Swapnil Roy**”. It seems much more interesting doing this project report than we expected.

Additionally, We are thankful to all the staff of computer department, and my friends to whom we indebted or their constant help, encouragement and who normally support us and without whom this project could not been success.

Finally, we are thankful to our I/C principal “**Mr. Divyesh Jadav**” and teaching staff as well as non-teaching of IQRA BCA COLLEGE for their encouragement and assistance throughout. Last but not lease we thank our parent and our friends for their support and understanding during the project work.

Also, We are very much thankful for my college IQRA BCA COLLEGE, Bharuch which provides us a good study environment. Besides my friends showed their kindly help & support in our thesis, Because of them, living in Bharuch and studying in T.Y.B.C.A (Sem-6) is a nice time.

INTERNSHIP PORTAL

1. Introduction :

Welcome to our Internship Portal, your gateway to exciting opportunities and invaluable experiences. Our platform is designed to connect eager students and recent graduates with internship positions that align with their passions, skills, and career aspirations. Whether you're seeking hands-on experience in technology, finance, marketing, or any other industry, our portal is your one-stop destination for exploring and applying to diverse internship opportunities.

At our Internship Portal, we understand the importance of internships in shaping future careers and opening doors to new possibilities. That's why we've curated a comprehensive database of internship opportunities from leading organizations, providing you with access to a wide range of options to kickstart your professional journey.

1.1 Objectives of Project :

The objective of our Internship Portal project is to create a user-friendly platform that efficiently connects students and recent graduates with internship opportunities across various industries.

The major Objectives of this project are as follows:

1. Facilitating connections between candidates and organizations for internship opportunities.
2. Making internships more accessible to individuals from diverse backgrounds.
3. Empowering candidates to take control of their career development.
4. Addressing the skills gap through experiential learning and skill development.
5. Fostering collaboration and innovation within the internship ecosystem.

INTERNSHIP PORTAL

1.2 Project profile and Category :

Project Title :	Accounting System
Project Purpose :	To Provide intents and recent graduates with internship opportunities across various industries
Project Type :	Incremental Model
Organization :	IQRA BCA COLLEGE, DEHEGAM
Project Guide :	Mr. Swapnil Roy
Team Members :	Lakdawala Uzair & Shaikh Uzair
Front End :	PHP Core
Back End :	MY SQL
Documentation Tool :	MS Word
Project Duration :	6 Months
Submitted To :	Mr. Swapnil Roy

1.3 Tools and Environment used :

➤ Hardware Configuration Used :

Hard disk :	Accounting System
RAM :	8 GB
Processor :	11 th Gen Intel® Core™ i5-1135G7 @ 2.40GHz

➤ Software Configuration Used :

Operating System :	Windows 11
Database :	MY SQL
Front End :	Visual Studio Code
Server Configuration :	Wampserver

2. Requirement Analysis Report :

2.1 SRS(Software Requirement Specification) :

2.1.1 Goals of the Project :

The goal of our internship portal project is to provide a comprehensive platform that connects aspiring interns with diverse internship opportunities, facilitating career growth and skill development while promoting collaboration and innovation within the internship ecosystem.

- **Connectivity:** Establish a platform that efficiently connects aspiring interns with suitable internship opportunities across various industries and sectors.
- **Access:** Increase accessibility to internships for a wide range of candidates, ensuring inclusivity regardless of background or geographical location.
- **Empowerment:** Empower candidates to make informed decisions about their career paths by providing comprehensive information and resources related to internship opportunities.
- **Skill Development:** Facilitate experiential learning and skill development by offering internships that provide hands-on experience and practical training in relevant fields.
- **Industry Collaboration:** Foster collaboration between educational institutions, employers, and interns to ensure that internship experiences align with industry needs and standards.
- **Feedback Mechanism:** Establish a feedback mechanism to gather insights from interns and employers, enabling continuous improvement and refinement of the internship portal.

INTERNSHIP PORTAL

2.1.2 Scope of the Project :

- **Platform Development:** Design and develop a user-friendly web portal that serves as a central hub for internship listings, applications, and related resources.
- **Database Management:** Implement a robust database system to efficiently store and manage internship opportunities, candidate profiles, and organizational information.
- **User Experience (UX) Design:** Ensure an intuitive and seamless user experience for both candidates and employers, prioritizing ease of navigation and accessibility.
- **Search and Matching Algorithm:** Incorporate advanced search and matching algorithms to facilitate efficient and accurate connections between candidates and internship opportunities based on their preferences and qualifications.
- **Communication Features:** Include communication features such as messaging and notifications to facilitate interactions between candidates and employers throughout the internship application process.
- **Security Measures:** Implement stringent security measures to safeguard user data and ensure the confidentiality and integrity of information shared on the platform.
- **Scalability:** Design the platform to be scalable, allowing for future expansion and accommodating a growing user base and increasing volume of internship listings.
- **Analytics and Reporting:** Integrate analytics tools to track user engagement, monitor platform performance, and generate insights that inform decision-making and optimization efforts.

INTERNSHIP PORTAL

2.1.3 Functions to be performed :

1. Admin :

Here admin performs the following task with the system.

1. Sign in
2. Forget password
3. Add courses
4. Add colleges
5. Update courses
6. Update colleges
7. Update profile
8. Delete courses
9. Delete colleges
10. View dashboard
11. View courses
12. View colleges
13. View interns
14. View intern profile
15. View companies
16. View feedbacks
17. View profile
18. Change password
19. Sign out

INTERNSHIP PORTAL

2. Companies :

Here companies performs the following task with the system.

1. Sign in
2. Forget password
3. Post jobs
4. Short list candidates
5. Send notification
6. Delete job
7. View dashboard
8. View candidates
9. View candidate profile
10. View inquiries
11. View reviews
12. View profile
13. Change password
14. Sign out

INTERNSHIP PORTAL

3. Interns (User)

Here interns performs the following task with the system.

1. Sign up
2. Sign in
3. Update profile
4. Build resume
5. Add certification
6. Add Education
7. Add personal details
8. Download certification
9. Delete certification
10. Delete Education
11. Delete personal details
12. View profile
13. View job categories
14. View job details
15. View applied jobs
16. View shortlisted job
17. View notification
18. Apply for a job
19. Request inquiry
20. Send review
21. Send feedback
22. Change password
23. Log out

2.2 Software Engineering Model Applied :

- There are many situations in which initial software requirements are reasonably well defined, but the overall scope of the development effort precludes a purely linear process.
- In addition, there may be compelling need to provide a limited set of software functionality to users quickly and then refine and expand on that functionality in later software releases. In such cases, a process model that is designed to produce the software in increments is chosen.
- The incremental model combines elements of the waterfall model applied in an iterative fashion. It should be noted that the process flow for any increment may incorporate the prototyping paradigm.
- The incremental process model, like prototyping and other evolutionary approaches, is iterative in nature. But while prototyping, the incremental model focuses on the delivery of an operational product with each increment.
- Early increments are "stripped down" versions of the final product, but they do provide capability that serves the user and also provide capability that serves the user and also provides a platform for evaluation by the user.

4. TESTING REPORT :

Application testing is a critical element of application quality assurance and represents the ultimate review of specification design and coding. Testing is an exposure of a system to trial input to see whether it produces correct output. Testing cannot be determined whether application meets user's needs only whether it appears to confirm to requirements. Testing can show that a system is free of errors, only that it contains error. Testing finds errors, it does not correct errors. Application success is a quality product, on time and within cost.

Though testing can reveal critical (costly) mistakes. Testing should therefore,

- Validate Performance.
- Detects Errors.
- Identify Inconsistencies.

INTERNSHIP PORTAL

Importance of Testing :

Reviews and other SQA activities can and do uncover errors, but they are not sufficient. Every time program is executed the client tests it. Therefore, you have to execute the program before it gets to the client with intent of finding and removing all errors.

In order to find the highest possible number of errors tests must be conducted systematically and test cases must be designed using disciplined techniques.

Testing Principles :

Before applying methods to design effective test cases, a software engineer must understand the basic principles that guide application testing.

All tests should be traceable to customer requirements.

4.1 Test Cases :

Test case 1 :

User Login			
Description	Action	Expected result	Actual result
Step No.			
Step:1	First visit login page.	The login page is displayed with the fields of login .	
Step:2	Enter Email		
Step:3	Click on the “ sign in” Button	User should Successfully login the system	User was logged in and redirected to their main home page

INTERNSHIP PORTAL

Text case 2 :

User Registration			
Description	Test will be performed to check whether the Faculty/admin is allowed to Register with duplicate email.		
Step No.	Action	Expected result	Actual result
Step:1	Visit Registration page.	The Registration page is displayed.	
Step:2	Enter Full details and email which is already register	Should not be allowed to register	
Step:3	Enter Full details and unique Email id	Should be allowed to register and must be redirected to login page	Successfully register a user and is now redirected to the sign in page for security purpose

Test case 3 :

Home screen			
Description	Test will be performed to check whether the user is allowed to select brand category		
Step No.	Action	Expected result	Actual result
Step:1	Visit Home page.	The home page displayed with many job categories.	Visit to different section of website using quick links on header
Step:2	Select Job Category	Should be redirected to the job listing page.s	Redirected category wise job listing page.

INTERNSHIP PORTAL

5. Screen Shots :

User Side (Intern) :

❖ Home Page :

❖ Job Categories :

A screenshot of the Internship Portal's "Job Categories" page. The page has a header with the "Internship Portal" logo, a "Home" link, a "Job Categories" link, and a "About Us" link. It also features "Login" and "Register" buttons. Below the header, the title "Job Categories" is centered, followed by a small explanatory text: "These categories are used to classify and organize different types of jobs based on similar skills, responsibilities, and functions." The page displays eight job categories in a grid format, each with an icon and a label: "Web & Software Dev" (bar chart icon), "Data Science & Analytics" (gears icon), "Accounting & Consulting" (briefcase icon), "Writing & Translations" (document icon); "Sales & Marketing" (briefcase icon), "Graphics & Design" (camera icon), "Digital Marketing" (globe icon), and "Education & Training" (computer monitor icon). A small circular arrow icon is located in the bottom right corner of the page area.

INTERNSHIP PORTAL

❖ About Us :

The screenshot shows the 'About Us' section of the Internship Portal. At the top, there is a navigation bar with links for 'Home', 'Job Categories', and 'About Us'. On the right side of the navigation bar are 'Login' and 'Register' buttons. The main content area has a green hexagonal background pattern. The title 'About Us' is centered at the top of this section. Below the title, there is a paragraph of text: 'Welcome to our internship portal, your gateway to valuable professional opportunities! Our platform serves as a dynamic hub connecting ambitious students and recent graduates with diverse internship opportunities across various industries. Discover internships tailored to your interests, skills, and career goals with ease. Whether you're seeking hands-on experience in technology, finance, marketing, healthcare, or any other field, our portal provides a comprehensive range of opportunities to explore.' At the bottom of the green section, there is a faint watermark-like image of a city skyline with recognizable landmarks like the London Eye and Tower Bridge. Below this, the text 'Created by Lakdawala Uzair & Shaikh Uzair' is visible.

❖ Login :

The screenshot shows the 'Login' page of the Internship Portal. A modal window titled 'Login' is open in the center. It contains two input fields: 'UserName' with the value 'UZAIR_LKD' and 'Password' with several dots indicating the password. Below the input fields are two buttons: a green 'Sign-In' button and a red 'Close' button. In the background, there is a dark overlay with the text 'Search Between 50,000 Open Jobs.' and a blurred image of a woman looking down at a tablet or smartphone.

INTERNSHIP PORTAL

❖ Registration :

The registration form consists of the following fields:

- Full Name
- Course
- Colleges
- Address
- DOB
- Gender
- UserName
- Password
- Confirm Password
- Contact No
- Email

A large green "SIGN UP" button is located at the bottom of the form.

At the bottom of the page, there is a footer with the text "Created by Lakdawala Uzair & Shaikh Uzair".

INTERNSHIP PORTAL

❖ Browse Jobs :

The screenshot displays the 'Browse Jobs' page of the Internship Portal. At the top, there's a navigation bar with links for Home, Apply Job, Feedback, Notification, and a welcome message for 'UZAIR LAKDAWALA'. Below the navigation is a banner featuring a person wearing a mask. The main heading 'Browse Jobs' is centered above a breadcrumb trail 'Home > Browse Jobs'. The page lists five job opportunities in a grid:

- Accenture** (PHP Developer, Core PHP) - [APPLY NOW](#)
- Criminal** (Cyber Crime) - [APPLY NOW](#)
- INTUIT** (ASP.NET, React Native) - [APPLY NOW](#)
- USAA** (Android Developer, Flutter Developer) - [APPLY NOW](#)
- Capital One** (Digital Marketing, Analyzing and Marketing Strategies) - [APPLY NOW](#)

Below the job grid is a green hexagonal patterned section titled 'About Internship'. It contains a welcome message and a detailed description of the portal's purpose. At the bottom of this section is a light green illustration of a city skyline.

About Internship

Welcome to our internship portal, your gateway to valuable professional opportunities! Our platform serves as a dynamic hub connecting ambitious students and recent graduates with diverse internship opportunities across various industries. Discover internships tailored to your interests, skills, and career goals with ease. Whether you're seeking hands-on experience in technology, finance, marketing, healthcare, or any other field, our portal provides a comprehensive range of opportunities to explore.

INTERNSHIP PORTAL

❖ Inquiry Form :

The screenshot shows a web-based internship portal. At the top, there's a banner with a blurred background image of a person working at a desk. Below the banner, the title "Internship Portal" is displayed in green. On the left side, there's a company profile for "accenture" with a "PHP Developer" job listing. The job description is partially visible, mentioning "On the other hand, we denounce with righteous indignation and dislike men who are so beguiled and demoralized by the charms of pleasure of the moment, so blinded by desire, that they cannot foresee the pain and trouble that are bound to ensue." Below the job description, there's a "Job Requirement" section which is mostly cut off. On the right side, there's a sidebar titled "Opening Hours" showing operating times for each day of the week. At the bottom right, there are two buttons: "Inquiry" and "Send Review". A modal window titled "Company Details" is open in the center, specifically the "Inquiry Form" tab. It contains a text input field labeled "Message" and two buttons: "Send" (green) and "Close" (red). The modal also includes a small calendar icon and date information (1989-03-02).

❖ Review Form :

This screenshot is similar to the previous one, showing the Internship Portal interface. The company profile for "accenture" and the "PHP Developer" job listing are visible on the left. The "Job Description" and "Job Requirement" sections are partially visible. The "Opening Hours" sidebar on the right shows the same operating times as before. A modal window titled "Company Details" is open in the center, specifically the "Review Form" tab. It contains a text input field labeled "Message" and a dropdown menu labeled "Ratings" with the value "1" selected. There are also "Send" and "Close" buttons. The modal includes a small calendar icon and date information (1989-03-02).

INTERNSHIP PORTAL

❖ Applied Jobs :

The screenshot shows the 'Applied Job' section of the Internship Portal. At the top, there is a navigation bar with links for Home, Apply Job, Feedback, Notification, and a welcome message for 'UZAIR LAKDAWALA'. Below the navigation bar, the page title 'Applied Job' is displayed, along with a breadcrumb trail 'Home > Applied Job'. The main content area contains a table listing four applied jobs:

Title	Salary	CompanyName	Apply Date	Action
PHP Developer Core PHP	₹25,000 - 30,000	ACCENTURE	2024-03-18	☰
Criminal Cyber Crime	₹10,000 - 15,000	IBM	2024-03-18	☰
Lab Assistant Chemistry	₹25,000 - 30,000	GOOGLE	2024-03-28	☰
Tally Accountant	₹20,000 - 25,000	ADP	2024-03-30	☰

At the bottom of the page, there is a decorative footer featuring a silhouette of the London skyline.

❖ Shortlisted Jobs :

The screenshot shows the 'Shortlisted Job' section of the Internship Portal. The layout is similar to the 'Applied Job' section, with a navigation bar at the top and a table below it. The page title 'Shortlisted Job' is displayed, along with a breadcrumb trail 'Home > Shortlisted Job'. The main content area contains a table listing one shortlisted job:

Title	Salary	CompanyName	Apply Date	Action
PHP Developer Core PHP	₹25,000 - 30,000	ACCENTURE	2024-03-18	☰

At the bottom of the page, there is a decorative footer featuring a silhouette of the London skyline.

❖ Intern Program Posted Jobs :

The intern program page shows the following details for the "PHP Developer" position:

PHP Developer	
Salary: 25,000 - 30,000	Requirement: Core PHP
Last Date: 2024-04-06	Candidates: 2

Actions available:

- Add Program** (button)
- Candidate** (link)
- Short List** (link)

INTERNSHIP PORTAL

❖ Add Intern Program :

The screenshot shows the 'Intern Programs' section of the portal. A modal window titled 'Intern Program' is open, prompting for new program details. The 'Category' dropdown is set to 'Web & Software Dev'. The 'Title' field is empty. The 'Job Description' and 'Requirement' fields are also empty. Below these, there are input fields for 'Salary' (25,000 - 30,000) and 'Last Date' (2024-04-06). At the bottom of the modal are 'Save' and 'Close' buttons.

❖ Intern program Candidates :

The screenshot shows the 'PHP Developer' program details. Under the 'Description' section, it says: 'PHP Developer On the other hand, we denounce with righteous indignation and dislike men who are so beguiled and demoralized by the charms of pleasure of the moment, so blinded by desire, that they cannot foresee the pain and trouble that are bound to ensue.' Below this, the 'Salary' is listed as '25,000 - 30,000' and the 'Requirement' is 'Core PHP'. A table lists the candidates:

Full Name	Course	Gender	Contact No	Email
UZAIR LAKDAWALA	BCA	Male	8980235120	lakdawalaузair14@gmail.com
FAHAD PATEL	BCA	Male	7096507898	fahadsamad Patel@gmail.com

INTERNSHIP PORTAL

❖ Intern Shortlist :

The screenshot shows the Internship Portal interface. On the left, a sidebar menu includes Home, Post Job, Inquiry, Review, Change Password, and Logout. The main content area is titled "PHP Developer". It displays a table of shortlisted candidates:

Full Name	Course	Gender	Contact No	Email
UZAIR LAKDAWALA	BCA	Male	8980235120	lakdawalauzair14@gmail.com
FAHAD PATEL	BCA	Male	7096507898	fahadsamad Patel@gmail.com

❖ Send Notification :

The screenshot shows the Internship Portal interface with a modal dialog titled "Notification". The dialog contains a text input field labeled "Message *". Below the input field are two buttons: "Send" (green) and "Close" (red). The background of the portal shows the same PHP Developer shortlist table as the previous screenshot.

INTERNSHIP PORTAL

❖ Inquiries :

The screenshot shows the Internship Portal interface. On the left, there's a sidebar with a purple header "Internship Portal" and a list of navigation links: Home, Post Job, Inquiry, Review, Change Password, and Logout. On the right, the main content area has a header "Inquiries". Below it is a table with columns: Full Name, Gender, Contact No, Email, Message, and Date. Two entries are listed:

Full Name	Gender	Contact No	Email	Message	Date
UZAIR LAKDAWALA	Male	8980235120	lakdawalaузair14@gmail.com	A inquires possibilities for an internship or position within a specific organization.	2024-03-18
FAHAD PATEL	Male	7096507898	fahadsamadpatel@gmail.com	A inquires possibilities for an internship or position within a specific organization.	2024-03-19

❖ Reviews :

The screenshot shows the Internship Portal interface. On the left, there's a sidebar with a purple header "Internship Portal" and a list of navigation links: Home, Post Job, Inquiry, Review, Change Password, and Logout. On the right, the main content area has a header "Reviews". Below it is a table with columns: Full Name, Gender, Contact No, Email, Message, and Date. Two entries are listed:

Full Name	Gender	Contact No	Email	Message	Date
UZAIR LAKDAWALA	Male	8980235120	lakdawalaузair14@gmail.com	★★★★★ Good company to work if you work ACCENTURE.	2024-03-18 07:51:38

Below the fields are two buttons: a blue 'Save' button and a red 'Close' button.

6. Future Enhancements :

These future enhancements aim to further enrich the internship portal's functionality, user experience, and value proposition, positioning it as a leading platform for connecting candidates with meaningful internship opportunities and supporting their professional development journeys.

- 1. Machine Learning Integration:** Implement machine learning algorithms to enhance the matching process between candidates and internship opportunities, providing more accurate recommendations based on historical data and user behavior patterns.
- 2. Personalized Recommendations:** Develop a recommendation engine that delivers personalized internship suggestions to users based on their profiles, preferences, and past interactions with the platform, improving the relevance and effectiveness of internship matches.
- 3. Virtual Internship Opportunities:** Introduce virtual internship opportunities that allow candidates to gain valuable experience remotely, leveraging technologies such as virtual reality (VR) and augmented reality (AR) to simulate real-world work environments and tasks.
- 4. Visual Representation:** Incorporate visual representations, such as graphs or charts, to display search results and filter options, making it easier for users to understand and interpret the data presented.
- 5. Global Expansion:** Expand the platform's reach to include internship opportunities from a wider range of geographic locations and cultural contexts, enabling candidates to explore international internship experiences and organizations to tap into diverse talent pools.

7. Conclusion :

In summary, our internship portal project is designed to connect recent graduates with internship opportunities offered by companies. Through intuitive user interfaces for candidates, companies, and administrators, we aim to simplify the internship search and application process.

By providing comprehensive search features, application tracking, and personalized recommendations, our portal empowers graduates to find internships aligned with their skills and interests efficiently. The administrative tools ensure smooth operation and security, facilitating seamless management of user accounts and internship postings.

Ultimately, our project bridges the gap between academia and industry, fostering collaboration and facilitating the professional growth of aspiring young professionals. With continued refinement, we envision our internship portal becoming an indispensable resource for graduates embarking on their career journeys.
